-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

DETAILED ACTION

Specification

1. The abstract of the disclosure is objected to because it consists of more than one paragraph. Correction is required. See MPEP § 608.01(b).
2. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 recites the limitation that "n is 4 to 30 in line 5". There are, however, two instances of the variable n and it is unclear whether they may vary independently or each n has a value identical to that of the other. Claim 1 and its dependents are therefore rendered indefinite.
4. Claims 2-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 2-4 recites the limitations that "n is 4 to 20", "n is an even number of 4 to 10" and "n is 6", respectively. There are, however, two instances of the variable n and it is unclear which n is referred to or whether the

limitations require both instances to be within the same range or have the same value. Claims 2-4 are therefore rendered indefinite.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 1, 2, 8 and 10 are rejected under 35 U.S.C. 102(b) as being anticipated by Wood et al (GB 1,239,394 07-1971). Wood discloses (Page 3, Table, last entry) the compound 3-heptylundecanoate (n=4 (+2), 5). Wood discloses (Page 2, lines 86-89) the instantly claimed uses of the branched esters as lubricants and plasticizers. Wood therefore anticipates claims 1, 2, 8 and 10.
6. Claims 1-4 and 9 are rejected under 35 U.S.C. 102(b) as being anticipated by Ochiai et al (US 5,587,155 12-1996). Wood discloses (Column 2, lines 40-46) a number of compounds of instant formula [1] including, for example, 3-undecyltetradecanoic acid. Ochiai discloses (Abstract) the instantly claimed uses of the branched esters in cosmetic hair compositions. Ochiai therefore anticipates claims 1-4 and 9.
7. Claims 1-4 and 6 are rejected under 35 U.S.C. 102(b) as being anticipated by Hasegawa et al (US 5,191,072 03-1993). Hasegawa discloses (Column 14, lines 17-32) a number of compounds of instant formula [1] including series of tetradecanoic

and hexadecanoic acids. Hasegawa discloses (Column 5, top, scheme) the formation of an ester with what the Examiner considers a hindered alcohol.

Hasegawa therefore anticipates claims 1-4 and 6.

8. Claims 1-6, 8 and 9 are rejected under 35 U.S.C. 102(b) as being anticipated by O'lenick, Jr. (US 5,191,072 03-1993). O'lenick discloses (Column 2, line 36- column 3, line 14) a number of esters of instant formula [1] including. The Examiner considers these to be esters of hindered isoalkyl alcohols. O'lenick discloses (Column 6, line 11- column 7, line 20) the use of these compounds as lubricants in cosmetic compositions. O'lenick therefore anticipates claims 1-4 and 6.

Claim Objections

9. Claims 7 and 11 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Allowable Subject Matter

10. Claims 7 and 11 are drawn to allowable subject matter. The following is a statement of reasons for the indication of allowable subject matter: The esters claimed in claim 7 and the first step of the process set forth in claim 11 are free of art.

Conclusion

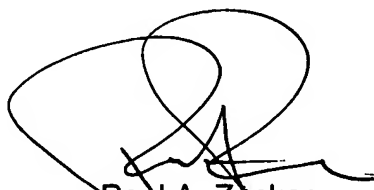

11. Claims 1-11 are pending. Claims 1-11 are rejected. Claims 7 and 11 are objected to.
